Darwin Tabletop Gamers Inc
Independent Audit Report

Scope

The financial report has been prepared for distribution to members and to satisfy the reporting requirements of the Associations Act. It is based on the information and documentation provided to us. However there was insufficient information provided to enable us to prepare a complete financial report. The limited report which we have prepared is incomplete and could not be audited. We could not conduct an audit in compliance with Australian Auditing Standards and we could not assure that the report is free of misstatements. We are therefore unable to form an opinion as to whether, in all material respects the financial report is presented fairly, in accordance with the accounting policies described in Note 1, so as to present a view which would be consistent with our understanding of the association's financial position, the results of its operations and its cash flows. We are therefore unable to provide any audit opinion.

Notes to the Financial Statements

Note 1: Summary of Accounting Policies

The accounting policies adopted by the Association are stated in order to assist in a general understanding of the financial statements. These policies have been consistently applied except as otherwise indicated.

Reporting entity

The Association is not a reporting entity because in the Committee's opinion there are unlikely to exist users who are unable to command the preparation of reports tailored so as to satisfy all of their information needs, and these accounts are therefore 'special purpose accounts' that have been prepared solely to meet the requirements of the Constitution and the Associations Act.

Accounting Policies

The financial report has been prepared under the historical cost conventions and does not take into account changing money values or, except where specifically stated, current valuations of non-current assets.

In order for the financial report to present fairly the state of affairs of the Association and the results of the Association for the year, Australian Accounting Standards have been adopted to the extent possible in the circumstances and as disclosed in this note.

Property, Plant and Equipment

Property, plant and equipment are included at cost. No depreciation is provided for in the accounts as depreciation is a tax requirement.

Inventories

Inventories are measured at cost.

Income Tax

The Association is of the opinion that it is not subject to income tax.

Note 2: Other Liabilities

As our software does not allow liabilities of zero to be entered it was necessary to create a liability of one cent in order to meet the requirements of Section 42 of the Association Act.
